- International Wine Review, March 2019

As much as possible, we take a non-interventionist approach to winemaking. We place great emphasis on vineyard selection, picking, pressing, and blending so that Hightower wines are naturally beautiful and free from pretense. We let the powerful and concentrated fruit from Red Mountain speak for itself. The result is a collection of well-balanced, nuanced wines that reveal something new and interesting each time you open a bottle. We like to think they're wines with character through and through — in how they were made, how they taste, and in the connections they inspire.

We produced 321 cases.
